PART 1 – INVITATION AND SUBMISSION INSTRUCTIONS

1.1 Invitation to Proponents

This Request for Proposals (the “RFP”) is an invitation by Rocky View County (the “County”) to qualified prospective proponents to submit proposals for the County’s **ERP Requirements Analysis and Readiness Review**, as further described in Section A of Appendix D of this RFP.

Through this RFP Rocky View County seeks to:

- (a) Select the Preferred Proponent with whom to negotiate a contract.
- (b) Specify the requirements that would govern any resulting agreement(s).
- (c) Determine costs.

It is the County’s intention to enter into a contract with one proponent. The County is using a multi-stage, Negotiated Request for Proposal procurement process to select a proponent:

- (a) Proposals will be submitted and evaluated as described in this RFP.
- (b) Evaluations will be multi-stage as described further in this document under Part 2 – Evaluation, Negotiation, and Award.
- (c) After evaluations, the proponent with the highest overall score will become the County’s preferred proponent for negotiation into a Contract.
- (d) Should a Contract not be reached to the County’s satisfaction with the preferred proponent, the County may select another proponent for negotiation.
- (e) Contract and pricing negotiations will be entered into with the preferred proponent.

It is the County’s intention to conduct negotiations with proponents based on rankings resulting from the evaluation of the proposals. These negotiations may be with respect to the description of work, price, terms, conditions, or any other matter forming part of this RFP. The negotiation stage of the RFP will not provide proponents the opportunity to submit information that should have been included prior to the proposal deadline. If contract negotiations with the Preferred Proponent are unsuccessful, the County will discontinue negotiations with the Preferred Proponent and may begin the negotiation process anew with the proponent with the next highest overall score, who then becomes the Preferred Proponent, and so on.

Rocky View County is located in the southern portion of the Province of Alberta. With its land area of 972,264 acres or 3,934km². Rocky View County borders the City of Calgary on three sides, north, west, and east. It has one of the largest common boundaries between any adjacent municipality in Canada. It has numerous farms, small acreages, commercial developments, natural resource extraction sites, and some light industries relating to the oil and gas sector. It envelops a number of small urban centers, such as the cities of Airdrie and Chestermere, the Towns of Cochrane, Irricana, and Crossfield as well as the Hamlet of Langdon and the Village of Beiseker.

Rocky View County is nestled at the base of the foothills just east of the Rocky Mountains. Its varied landscape consists of prairie, rolling foothills, and spectacular views of the white capped Rocky Mountains. Rocky View County has beautiful scenery and is proximate to the City of Calgary, which boasts a world class International Airport. Moreover, the convenience and abundance of outdoor activities, in addition to well-located non-farmland suitable for

development, makes Rocky View County one of the most desirable places in which to live and do business in all of mid-western Canada.

For more information about Rocky View County, please refer to: www.rockyview.ca

1.2 RFP Contact

For the purposes of this procurement process, the “RFP Contact” will be Indra Ghosh, Supervisor of Purchasing and Treasury.

PublicBids@rockyview.ca

Proponents and their representatives are not permitted to contact any employees, officers, agents, elected or appointed officials, or other representatives of the County, other than the RFP contact, concerning matters regarding this RFP. Failure to adhere to this rule may result in the disqualification of the proponent and the rejection of the proponent's proposal.

When communicating to PublicBids@rockyview.ca, please use as a reference for the recipient, the Request for Proposals No. found on the cover page of this RFP.

1.3 Type of Contract for Deliverables

The selected proponent will be requested to enter into direct contract negotiations to finalize an agreement with the County for the provision of the Deliverables. The terms and conditions found in the Sample Form of Agreement in Appendix A of this RFP are to form the basis for commencing negotiations between the County and the selected proponent. It is the County's intention to enter into an agreement with only one (1) legal entity. The agreement resulting from this RFP shall be in effect from the date of official acceptance by the County until December 31, 2025, subject to the following:

- (a) When mutually agreeable between the County and the successful proponent, this agreement may be renewed under the same terms and conditions for a period of up to one (1) additional year and said option to renew this agreement for an additional one (1) year period, shall be in effect for each year thereafter for a total period not to exceed three (3) years.
- (b) For annual renewals to this agreement, this proposal shall be used as the basis for negotiations. Price adjustments shall be negotiated annually to reflect current market conditions, revised quantities, changes to specifications, etc. Any price increase or decrease must be substantiated to the County by the proponent by February 1 (tentative) of the following year.

1.4 RFP Timetable

The following RFP timetable is based on the best available information and will govern the process unless amended by the County:

Issue Date of RFP	March 27, 2025
Deadline for Questions	April 17, 2025, 2 PM MST
Issuing Addenda	April 23, 2025
Proposal Submission Deadline	May 14, 2025, 2 PM MST

Rectification Period	"2" business days
Proposal Review Period	"7" business days (Tentative)
Interview and Presentation	"7" business days (Tentative)
Contract Negotiation Period	"15" business days (Tentative)
Anticipated Execution of Agreement	June 30, 2025 (Tentative)

The RFP timetable is tentative only and may be changed by the County at any time. For greater clarity, business days mean all days that the County is open for business.

1.5 Submission of Proposals

1.5.1 Proposals to be Submitted Electronically

Proposals must be addressed to:

Purchasing Department
Rocky View County
Attention: Indra Ghosh,
Email: PublicBids@rockyview.ca

1.5.2 Proposals to be Submitted on Time

Proposals must be received electronically on or before the Submission Deadline **May 14, 2025, 2:00 PM MST**. Subject to the process described below, proposals submitted after the Submission Deadline will be rejected.

1.5.3 Proposals to be Submitted in Prescribed Format

Proposals must be submitted in PDF and received electronically and should be prominently marked with the RFP title and number (see RFP cover), with the full legal name and return address of the proponent. Proponent to complete Submission Form set out in Appendix B of this RFP and include it as part of the proposal submission.

1.5.4 Amendment of Proposals

Proponents may amend their proposals before the Submission Deadline by submitting the amendment electronically by mail: PublicBids@rockyview.ca. Any amendment should clearly indicate which part of the proposal the amendment is intended to amend or replace.

1.5.5 Withdrawal of Proposals

At any time throughout the RFP process until the execution of a written agreement for the provision of the Deliverables, a proponent may withdraw a submitted proposal. To withdraw a proposal, a notice of withdrawal must be sent to the RFP Contact and must be signed by an authorized representative of the proponent. The County is under no obligation to return withdrawn proposals.

[End of Part 1]

PART 2 – EVALUATION, NEGOTIATION AND AWARD

2.1 Stages of Evaluation and Negotiation

The County will conduct the evaluation of proposals and negotiations in the following stages:

2.2 Stage I – Mandatory Submission Requirements

Stage I will consist of a review to determine which proposals comply with all of the mandatory submission requirements. If a proposal fails to satisfy all of the mandatory submission requirements, the County will issue the proponent a rectification notice identifying the deficiencies and providing the proponent an opportunity to rectify the deficiencies. If the proponent fails to satisfy the mandatory submission requirements within the Rectification Period, its proposal will be rejected. The Rectification Period will begin to run from the date and time that the County issues a rectification notice to the proponent. The mandatory submission requirements are set out in Section B of Appendix D of this RFP.

2.3 Stage II – Evaluation

Stage II will consist of evaluating each qualified proposal on the basis of the non-price rated criteria as set out in Section C of Appendix D of this RFP.

2.4 Stage III – Pricing

Stage III will consist of a scoring of the submitted pricing of each qualified proposal in accordance with the price evaluation method set out in Appendix C of this RFP. The evaluation of price will be undertaken after the evaluation of mandatory requirements and rated criteria has been completed.

2.5 Stage IV – Ranking and Contract Negotiations

2.5.1 Ranking of Proponents

After the completion of Stage III, all scores from Stage II and Stage III will be added together and the proponents will be ranked based on their total scores. The top-ranked proponent will receive a written invitation to enter into direct contract negotiations to finalize the agreement with the County. In the event of a tie, the selected proponent will be the proponent with the highest score on the non-price-rated criteria.

2.5.2 Contract Negotiation Process

Any negotiations will be subject to the process rules contained in the Terms and Conditions of the RFP process as set out in Part 3 of this RFP and **will not** constitute “Contract A” a legally binding offer to enter into a contract on the part of the County or the proponent and there will be no legally binding relationship created with any proponent prior to the execution of a written agreement. The terms and conditions found in the Sample Form of Agreement in Appendix A of this RFP are to form the basis for commencing negotiations between the County and the selected proponent. Negotiations may include requests by the County for supplementary information from the proponent to verify, clarify, or supplement the information provided in its proposal or to confirm the conclusions reached in the evaluation, and may include requests by the County for improved pricing or performance terms from the proponent.

2.5.3 Time Period for Negotiations

The County intends to conclude negotiations and finalize the agreement with the top-ranked proponent during the Contract Negotiation Period, commencing from the date the County invites the top-ranked proponent to enter negotiations. A proponent invited to enter into direct contract negotiations should therefore be prepared to provide requested information in a timely fashion and conduct its negotiations expeditiously.

2.5.4 Failure to Enter into an Agreement

If the County and the top-ranked proponent cannot conclude negotiations and finalize the agreement for the Deliverables within the Contract Negotiation Period, the County may discontinue negotiations with the top-ranked proponent and may invite the next-best-ranked proponent to enter into negotiations. This process will continue until an agreement is finalized, until there are no more proponents remaining that are eligible for negotiations, or until the County elects to cancel the RFP process.

2.5.5 Notification of Negotiation Status

Other proponents that may become eligible for contract negotiations may be notified at the commencement of the negotiation process with the top-ranked proponent.

2.6. Interview with All or shortlisted Proponent

After completion of the initial review, the 2nd level evaluation may be conducted through presentation and Interview. If required Rocky View County's evaluation team may call all the proponents or shortlisted proponents for 2nd level interview. After 1st level evaluation and 2nd level evaluation, the total score will be determined, and a successful proponent will be selected. [End of Part 2]

PART 3 – TERMS AND CONDITIONS OF THE RFP PROCESS

3.1 General Information and Instructions

3.1.1 Proponents to Follow Instructions

Proponents should structure their proposals in accordance with the instructions in this RFP. Where information is requested in this RFP, any response made in a proposal should reference the applicable section numbers of this RFP.

3.1.2 Proposals in English

All proposals are to be in English only.

3.1.3 No Incorporation by Reference

The entire content of the proponent's proposal should be submitted in a fixed form, and the content of websites or other external documents referred to in the proponent's proposal but not attached will not be considered to form part of its proposal.

3.1.4 References and Past Performance

In the evaluation process, the County may include information provided by the proponent's references and may also consider the proponent's past performance or conduct on previous contracts with the County or other institutions.

3.1.5 Information in RFP Only an Estimate

The County and its advisers make no representation, warranty, or guarantee as to the accuracy of the information contained in this RFP or issued by way of addenda. Any quantities shown or data contained in this RFP or provided by way of addenda are estimates only and are for the sole purpose of indicating to proponents the general scale and scope of the Deliverables. It is the proponent's responsibility to obtain all the information necessary to prepare a proposal in response to this RFP.

3.1.6 Proponents to Bear Their Own Costs

The proponent will bear all costs associated with or incurred in the preparation and presentation of its proposal, including, if applicable, costs incurred for interviews or demonstrations.

3.1.7 Proposal to be Retained by the County

The County will not return the proposal or any accompanying documentation submitted by a proponent.

3.1.8 No Guarantee of Volume of Work or Exclusivity of Contract

The County makes no guarantee of the value or volume of work to be assigned to the successful proponent. The agreement to be negotiated with the selected proponent will not be an exclusive contract for the provision of the described Deliverables. The County may contract with others for goods and services the same as or similar to the Deliverables or may obtain such goods and services internally.

3.2 Communication after Issuance of RFP

3.2.1 Proponents to Review RFP

Proponents should promptly examine all of the documents comprising this RFP and may direct questions or seek additional information in writing by email to the RFP Contact on or before the Deadline for Questions. No such communications are to be directed to anyone other than the RFP Contact. The County is under no obligation to provide additional information, and the County is not responsible for any information provided by or obtained from any source other than the RFP Contact. It is the responsibility of the proponent to seek clarification from the RFP Contact on any matter it considers to be unclear. The County is not responsible for any misunderstanding on the part of the proponent concerning this RFP or its process.

3.2.2 All New Information to Proponents by Way of Addenda

This RFP may be amended only by addendum in accordance with this section. If the County, for any reason, determines that it is necessary to provide additional information relating to this RFP, such information will be communicated to all proponents by addendum. Each addendum forms an integral part of this RFP and may contain important information, including significant changes to this RFP. Proponents are responsible for obtaining all addenda issued by the County. In the Submission Form in Appendix B of this RFP, proponents should confirm their receipt of all addenda by setting out the number of each addendum in the space provided.

3.2.3 Post-Deadline Addenda and Extension of Submission Deadline

If the County determines that it is necessary to issue an addendum, the County may extend the Submission Deadline for a reasonable period of time.

3.2.4 Verify, Clarify and Supplement

When evaluating proposals, the County may request further information from the proponent or third parties in order to verify, clarify or supplement the information provided in the proponent's proposal. The County may revisit, re-evaluate, and rescore the proponent's response or ranking on the basis of any such information.

3.3 Notification and Debriefing

3.3.1 Notification to Other Proponents

Once an agreement is executed by the County and a proponent, the other proponents may be notified directly in writing and will be notified by public posting in the same manner that this RFP was originally posted of the outcome of the procurement process.

3.3.2 Debriefing

Proponents may request a debriefing after receipt of a notification of the outcome of the procurement process. All requests must be in writing to the RFP Contact and must be made within thirty (30) days of such notification.

3.3.3 Procurement Protest Procedure

If a proponent wishes to challenge the RFP process, it should provide written notice to the RFP Contact in accordance with the County's procurement protest procedures and any applicable trade agreement or other applicable bid protest procedures. The notice must provide a detailed explanation of the proponent's concerns with the procurement process or its outcome.

3.4 Conflict of Interest and Prohibited Conduct

3.4.1 Conflict of Interest

For the purposes of this RFP, the term "Conflict of Interest" includes, but is not limited to, any situation or circumstance where:

- (a) in relation to the RFP process, the proponent has an unfair advantage or engages in conduct, directly or indirectly, that may give it an unfair advantage, including but not limited to:
 - (i) having, or having access to, confidential information of the County in the preparation of its proposal that is not available to other proponents.
 - (ii) communicating with any person with a view to influencing preferred treatment in the RFP process (including but not limited to the lobbying of decision makers involved in the RFP process), or
 - (iii) engaging in conduct that compromises, or could be seen to compromise, the integrity of the open and competitive RFP process or render that process non-competitive or unfair; or
- (b) in relation to the performance of its contractual obligations under a contract for the deliverables, the proponent's other commitments, relationships, or financial interests
 - (i) could, or could be seen to, exercise an improper influence over the objective, unbiased, and impartial exercise of its independent judgement; or
 - (ii) could, or could be seen to, compromise, impair or be incompatible with the effective performance of its contractual obligations.

Proponents must:

- (a) avoid any Conflict of Interest in relation to the RFP.
- (b) immediately disclose to the County any actual or potential Conflict of Interest that arises during the RFP process; and
- (c) comply with any requirements prescribed by the County to resolve any Conflict of Interest.

If a proponent considers that a particular circumstance, situation, relationship, or association does not create a Conflict of Interest and will not create a perception of a Conflict of Interest, but is concerned that the County could arrive at a different conclusion, the proponent should fully disclose the circumstances to the County at the earliest possible date, and request that the County

provide an advance interpretation as to whether it creates a Conflict of Interest or a perception of Conflict of Interest. The County will provide confidential responses to such inquiries.

3.4.2 Ineligible Persons

The following individuals are not eligible to participate, either directly or indirectly, as a proponent or as a proponent's team member or subcontractor (the "Ineligible Persons"):

- (a) any individual that is currently employed by the County or that was formerly employed by the County any time within 12 months preceding the Submission Deadline; or
- (b) any member of County Council or any closely connected person (as defined in applicable legislation).

Proponents must disclose if any of their proposed or intended team members or subcontractors are associated with any Ineligible Person. The County may, in its sole discretion determine that the association constitutes a potential or perceived Conflict of Interest, and the County may, in its sole discretion:

- (a) prohibit the participation of the associated entity; or
- (b) disqualify the proponent in accordance with section 3.4.3 below; or,
- (c) prescribe requirements to resolve the Conflict of Interest and allow the participation of the associated entity.

3.4.3 Disqualification for Conflict of Interest

The County may disqualify a proponent where any conduct, circumstance, situation, relationship, or association is determined by the County, in its sole and absolute discretion, to constitute a Conflict of Interest and:

- (a) the proponent has failed to disclose the Conflict of Interest.
- (b) the proponent or any of its team members or subcontractors fails to comply with any requirements prescribed by the County to resolve a Conflict of Interest; or
- (c) the County determines, in its sole discretion, that the Conflict-of-Interest issue cannot be resolved.

3.4.4 Disqualification for Prohibited Conduct

The County may disqualify a proponent, rescind an invitation to negotiate or terminate a contract subsequently entered into if the County determines that the proponent has engaged in any conduct prohibited by this RFP.

3.4.5 Prohibited Proponent Communications

Proponents must not engage in any communications that could constitute a Conflict of Interest and should take note of the Conflict-of-Interest declaration set out in the Submission Form in Appendix B of this RFP.

3.4.6 Proponent Not to Communicate with Media

Proponents must not at any time directly or indirectly communicate with the media in relation to this RFP or any agreement entered into pursuant to this RFP without first obtaining the written permission of the RFP Contact.

3.4.7 No Lobbying

Proponents must not, in relation to this RFP or the evaluation and selection process, engage directly or indirectly in any form of political or other lobbying whatsoever to influence the selection of the successful proponent(s).

3.4.8 Illegal or Unethical Conduct

Proponents must not engage in any illegal business practices, including activities such as bid-rigging, price-fixing, bribery, fraud, coercion, or collusion. Proponents must not engage in any unethical conduct, including lobbying, as described above, or other inappropriate communications; offering gifts to any employees, officers, agents, elected or appointed officials or other representatives of the County; deceitfulness; submitting proposals containing misrepresentations or other misleading or inaccurate information; or any other conduct that compromises or may be seen to compromise the competitive process provided for in this RFP.

3.4.9 Past Performance or Past Conduct

The County may prohibit a supplier from participating in a procurement process based on past performance or based on inappropriate conduct in a prior procurement process, including but not limited to the following:

- (a) illegal or unethical conduct as described above.
- (b) the refusal of the supplier to honour its submitted pricing or other commitments; or
- (c) any conduct, situation, or circumstance determined by the County, in its sole and absolute discretion, to have constituted an undisclosed Conflict of Interest.

3.5 Confidential Information

3.5.1 Confidential Information of the County

All information provided by or obtained from the County in any form in connection with this RFP either before or after the issuance of this RFP

- (a) is the sole property of the County and must be treated as confidential;
- (b) is not to be used for any purpose other than replying to this RFP and the performance of any subsequent contract for the deliverables;
- (c) must not be disclosed without prior written authorization from the County; and
- (d) must be returned by the proponent to the county immediately upon the county's request.

3.5.2 Confidential Information of Proponent

A proponent should identify any information in its proposal, or any accompanying documentation supplied in confidence for which confidentiality is to be maintained by the County. The confidentiality of such information will be maintained by the County, except as otherwise required by law or by order of a court or tribunal. Proponents are advised that their proposals will, as necessary, be disclosed, on a confidential basis, to advisers retained by the County to advise or assist with the RFP process, including the evaluation of proposals. If a proponent has any questions about the collection and use of personal information pursuant to this RFP, questions are to be submitted to the RFP Contact.

3.6 Procurement Process Non-Binding

3.6.1 No Contract A and No Claims

This procurement process is not intended to create and will not create a formal, legally binding bidding process and will instead be governed by the law applicable to direct commercial negotiations. For greater certainty and without limitation:

- (a) this RFP will not give rise to any Contract A–based tendering law duties or any other legal obligations arising out of any process contract or collateral contract; and
- (b) neither the proponent nor the County will have the right to make any claims (in contract, tort, or otherwise) against the other with respect to the award of a contract, failure to award a contract, or failure to honour a proposal submitted in response to this RFP.

3.6.2 No Contract until Execution of Written Agreement

This RFP process is intended to identify prospective suppliers for the purposes of negotiating potential agreements. No legal relationship or obligation regarding the procurement of any good or service will be created between the proponent and the County by this RFP process until the successful negotiation and execution of a written agreement for the acquisition of such goods and/or services.

3.6.3 Non-Binding Price Estimates

While the pricing information provided in proposals will be non-binding prior to the execution of a written agreement, such information will be assessed during the evaluation of the proposals and the ranking of the proponents. Any inaccurate, misleading, or incomplete information, including withdrawn or altered pricing, could adversely impact any such evaluation or ranking or the decision of the County to enter into an agreement for the deliverables.

3.6.4 Cancellation

The County may cancel or amend the RFP process without liability at any time.

3.7 Governing Law and Interpretation

These Terms and Conditions of the RFP Process as set out in Part 3 of this RFP:

- (a) are intended to be interpreted broadly and independently (with no particular provision intended to limit the scope of any other provision).
- (b) are non-exhaustive and will not be construed as intending to limit the pre-existing rights of the parties to engage in pre-contractual discussions in accordance with the common law governing direct commercial negotiations; and
- (c) are to be governed by and construed in accordance with the laws of the province of Alberta and the federal laws of Canada applicable therein.

[End of Part 3]

APPENDIX A – FORM OF AGREEMENT

The County shall use an Independent Contractor Agreement as a form of agreement, attached. Proponents shall not submit or substitute their own form of agreement.

Upon acceptance of the proposal by email or letter of understanding by the County, the selected proponent shall complete and sign the Independent Contractor Agreement (See below sample Independent Contractor Agreement and a Non-Disclosure Agreement Separately Uploaded in the APC). If during the course of the project, it is apparent the Upset Fee or milestone dates will not be met, the selected proponent shall immediately contact the County in writing, stating the reasons for the cost overrun and additional time required. The Proponent shall make every effort to review all procedures and explore all options, to avoid cost overruns and delays, and provide proof that additional fees and time are required. Approval for overruns and extension of milestone dates must be obtained before the additional work is carried out.

Proponents are instructed to download this Sample Service Agreement and Non-Disclosure Agreement from the APC site.

RFX Services
Agreement.pdf

NDA #1.pdf

APPENDIX B – SUBMISSION FORM

Proponents are instructed to complete the Submission Form below and include it in their proposal submission.

1. Proponent Information

Please fill out the following form, naming one person to be the proponent's contact for the RFP process and for any clarifications or communication that might be necessary.	
Full Legal Name of Proponent:	
Any Other Relevant Name under which the Proponent Carries on Business:	
Street Address:	
County, Province/State:	
Postal Code:	
Phone Number:	
Fax Number:	
Company The countryside (if any):	
Proponent Contact Name and Title:	
Proponent Contact Phone:	
Proponent Contact Fax:	
Proponent Contact Email:	

2. Acknowledgment of Non-Binding Procurement Process

The proponent acknowledges that the RFP process will be governed by the terms and conditions of the RFP, and that, among other things, such terms and conditions confirm that this procurement process does not constitute a formal, legally binding bidding process (and for greater certainty, does not give rise to a Contract A bidding process contract), and that no legal relationship or obligation regarding the procurement of any good or service will be created between the County and the proponent unless and until the County and the proponent execute a written agreement for the Deliverables.

3. Ability to Provide Deliverables

The proponent has carefully examined the RFP documents and has a clear and comprehensive knowledge of the Deliverables required. The proponent represents and warrants its ability to provide the Deliverables in accordance with the requirements of the RFP for the rates set out in its proposal.

4. Non-Binding Pricing

The proponent has submitted its pricing in accordance with the instructions in the RFP and in accordance with Appendix C of this RFP. The proponent confirms that the pricing information provided is accurate. The proponent acknowledges that any inaccurate, misleading, or incomplete information, including withdrawn or altered pricing, could adversely impact the acceptance of its proposal or its eligibility for future work.

5. Addenda

The proponent is deemed to have read and taken into account all addenda issued by the County prior to the RFP submission deadline. The proponent must set out below the number of each addendum received:

6. No Prohibited Conduct

The proponent declares that it has not engaged in any conduct prohibited by this RFP.

7. Conflict of Interest

Proponents must declare all potential Conflicts of Interest, as defined in section 3.4.1 of the RFP. This includes disclosing the names and all pertinent details of all individuals (employees, advisers, or individuals acting in any other capacity) who (a) participated in the preparation of the proposal; **AND** (b) were employees of the County within twelve (12) months prior to the Submission Deadline.

If the box below is left blank, the proponent will be deemed to declare that (a) there was no Conflict of Interest in preparing its proposal, and (b) there is no foreseeable Conflict of Interest in performing the contractual obligations contemplated in the RFP.

Otherwise, if the statement below applies, check the box.

- ☐ The proponent declares that there is an actual or potential Conflict of Interest relating to the preparation of its proposal, and/or the proponent foresees an actual or potential Conflict of Interest in performing the contractual obligations contemplated in the RFP.

If the proponent declares an actual or potential Conflict of Interest by marking the box above, the proponent must set out below the details of the actual or potential Conflict of Interest:

8. Disclosure of Information

The proponent hereby agrees that any information provided in this proposal, even if it is identified as being supplied in confidence, may be disclosed where required by law or by order of a court or tribunal. The proponent hereby consents to the disclosure, on a confidential basis, of this proposal by the County to the advisers retained by the County to advise or assist with the RFP process, including with respect to the evaluation of this proposal.

Signature of Witness

Signature of Proponent Representative

Name of Witness

Name of Proponent Representative

I have the authority to bind the proponent.

APPENDIX C – PRICING

1. Instructions on How to Provide Pricing

- (a) Proponents are to complete the Pricing Schedule as set out in Section F of Appendix D of this RFP and include it in their proposal. The Pricing Schedule must be completed by filling in the blank spaces under the headings “Unit Price” and “Total Bid” for each item and filling in the blank space for the overall “Total Bid” amount. If a unit price is not filled in by the proponent for an item, but an amount is stated in the “Total Bid” column, then the County will determine the unit price by dividing the extended amount by the estimated quantity and this unit price value will be considered as representing the proponent’s intentions.
- (b) Rates must be provided in Canadian (\$) funds, inclusive of all applicable duties and taxes except for applicable sales taxes, which should be itemized separately.
- (c) Rates quoted by the proponent must be all-inclusive and must include all labour, equipment, and material costs, all travel and carriage costs, all insurance costs, all costs of delivery, all costs of installation and set-up, including any pre-delivery inspection charges, and all other overhead, including any fees or other charges required by law.

2. Evaluation of Pricing

Pricing is one of five (5) criteria of the RFP that proponents will be evaluated on for which points will be awarded on a scale of 0 to 5 and will carry a weighting of 25% of the total RFP score. A complete list of the rated criteria including description, maximum number of points, and weighting for each criterion is set out in Section C of Appendix D of this RFP.

Please download the Pricing Schedule for RFP# 24-021 ERP Requirement Analysis and Readiness Review from the APC website

Please note: Kindly define the pricing in detail (for example, Project coordination cost, Administration cost, Resources: Junior, intermediate and Expert)

APPENDIX D – SCOPE OF WORK /RFP PARTICULARS

A1. PROJECT OVERVIEW:

Rocky View County is embarking on a transformative journey to enhance operational efficiency and streamline business processes. To pursue this goal, the County is seeking proposals from experienced and qualified consultants to conduct a comprehensive Enterprise Resource Planning (ERP) Requirements Analysis and Readiness Review, followed by the development of a Request for Proposal (RFP) document (Scope of work) in collaboration with the County's appointed project team members, and to serve as an advisor for the ERP evaluation and selection process. This integrated approach aims to ensure a seamless transition towards modernizing the County's systems and processes.

The primary objective of this initiative is to evaluate the County's current systems, functional processes, and infrastructure in-depth, focusing on assessing the County's requirements and readiness for ERP implementation. The assessment will delve into various aspects, including but not limited to, the County's technological capabilities, data management practices, operational workflows, and organizational readiness for change. By conducting this thorough evaluation, the County aims to gain valuable insights into its strengths, weaknesses, opportunities, and potential challenges in new ERP adoption.

The findings and recommendations derived from the ERP needs analysis and readiness assessment will be pivotal in guiding the County's decision-making process regarding the adoption of a new ERP solution. These insights will inform strategic decisions related to system upgrades, process optimizations, and resource allocations, ultimately paving the way for enhanced efficiency, transparency, and accountability within the County's operations.

Furthermore, following the completion of the ERP Requirements Analysis and Readiness Review, the selected Consultant will spearhead the development of a robust RFP scope of work document that will be issued to the open market (through Alberta Purchasing Connection-APC) for the selection and implementation of a new ERP system. This RFP will serve as a comprehensive blueprint outlining the County's requirements, expectations, and evaluation criteria for selecting an ERP vendor. Additionally, the Consultant will serve as an advisor for the ERP RFP evaluation and selection process, ensuring alignment with the County's strategic objectives and budgetary considerations.

This multifaceted initiative underscores Rocky View County's commitment to embracing innovation, optimizing resources, and delivering enhanced services to its residents and stakeholders. By leveraging the expertise of qualified Consultants and adopting a strategic approach to ERP implementation, the County aims to position itself for long-term success and sustainability in an ever-evolving digital landscape.

A2. BACKGROUND INFORMATION:

The County has been utilizing Microsoft Dynamics GP since 1996, initially implementing its core financial functions. As the County expanded, the county integrated additional solutions such as Mekorma for cheque printing and Diamond to handle processes like cash receipts, property tax, utility billing, and project costing.

In response to the growing demand for online services, including payment management and

utility enrollments, the county launched the myRockyview platform in 2022. However, over the years, the county have faced challenges with system integrations, upgrades, and ensuring seamless data accuracy across enterprise systems. The limitations of our current tools no longer adequately meet our evolving business needs.

Considering its commitment to efficiency and innovation, Rocky View County is now exploring the possibility of modernizing its systems by adopting a new ERP solution. Before embarking on this transformative journey, the County recognizes the importance of thoroughly assessing its current state to identify any gaps or challenges that must be addressed. This assessment will serve as the foundation for informed decision-making and strategic planning as the County endeavors to enhance its operational efficiency and service delivery capabilities in the years ahead.

The organizational chart for Rocky View County can be found in **Appendix E**. The County's current financial system and other standalone solutions used by the County have been specified in **Appendix F**.

A3. PROJECT SCOPE:

This project's scope is multifaceted and encompasses a comprehensive assessment and strategic planning initiative to modernize Rocky View County's systems and processes by adopting a new Enterprise Resource Planning (ERP) solution. The project is divided into several distinct yet interconnected components, each tailored to achieve specific objectives and deliver tangible outcomes.

Phase 1 – Enterprise Resource Planning (ERP) Requirements Analysis and Readiness Review (Expected Completion Date: **on or before December 31, 2025**)

- . Assessment of readiness and ERP needs will be completed in consultation with the County's ERP project team and applicable service areas within each division of the County.
- . Deliverables in this phase include:
 -) Completion of a readiness and needs assessment to aid the development of ERP business requirements.
 -) Identify and document functional/technical requirements and business processes.
- . Through facilitated workshops with service areas and stakeholders, the successful Proponent will identify the functional requirements necessary to support the County's operations and streamline its business processes. The emphasis will be on enabling service areas to meet business outcomes efficiently rather than merely transferring current practices to a new system. The County's ERP project team will support this effort.
- . Migrating to a new ERP system represents a transformational change in the County's operations. It requires a management approach that will effectively support users during the transition while cost-effectively meeting business and service needs. The successful Proponent is expected to provide recommendations on preparatory work the County should undertake for the

ERP migration, such as restructuring the chart of accounts, data cleaning, and implementing change management strategies, etc.

- . The deliverables for this project phase are as follows:
 -) Organizational Readiness Assessment: Evaluate the County's organizational readiness for ERP implementation, including change management capabilities, leadership support, and staff training needs. Assess stakeholder engagement and communication strategies to facilitate buy-in and ensure successful adoption of the new ERP solution.
 -) Technological Capabilities Evaluation: Conduct a thorough assessment of the County's current technological infrastructure, including hardware, software, and network systems. Evaluate existing technologies' scalability, compatibility, and performance to determine their readiness for integration with an ERP solution.
 -) Data Management Practices Review: Assess the County's data management practices, including data governance, quality, and security protocols. Evaluate the integrity, accessibility, and reliability of data repositories and identify areas for improvement to ensure alignment with ERP requirements.
 -) Identify data migration requirements and readiness.
 -) Operational Workflow Analysis: Analyze the County's operational workflows and business processes across various departments. Identify inefficiencies, bottlenecks, and areas for optimization to streamline operations and enhance productivity. Evaluate how existing processes can be integrated with an ERP system to achieve operational excellence.
 -) Cloud Readiness Assessment: Evaluate the County's readiness for a potential cloud-based ERP solution. This assessment should include:
 - Network infrastructure and internet connectivity capabilities to support cloud-based operations
 - Security measures and compliance requirements for cloud data storage and transmission
 - Potential impact on existing on-premises systems and integration requirements
 - Cost-benefit analysis of cloud vs. on-premises solutions, including long-term scalability and maintenance considerations
 -) Assessment of data residency requirements and compliance with relevant regulations for cloud-stored data Identification of Strengths, Weaknesses, Opportunities, and Challenges: Identify and analyze the strengths, weaknesses, opportunities, and potential challenges associated with ERP adoption. Develop a SWOC analysis to provide a holistic view of the County's readiness and highlight areas for improvement and strategic intervention.
 -) Gap Analysis and Improvement Identification: Conduct a meticulous examination of the current system to pinpoint existing gaps and areas ripe for enhancement. This critical assessment should ascertain how a

new ERP solution can bridge these gaps and align with evolving business and customer needs, driving service delivery and operational efficiency improvements.

-) Consultation and Requirement Identification: Engage in comprehensive consultations with service areas and users across the County to identify requirements for enabling efficient business processes. This inclusive process extends to identifying standalone applications necessitating core ERP functionality integration. Emphasis is placed on explaining how a modern system can streamline processes and yield significant benefits for the County and its stakeholders.
-) Functional/Technical Recommendations and Integration Analysis: Provide strategic recommendations regarding the functionality/technical requirement that should be incorporated into the ERP solution and/or integrated with standalone applications. These recommendations are informed by a thorough cost-benefit analysis, focusing on optimizing the migration to a new system.
-) Technical requirements for stand-alone applications must be determined to ensure secure connectivity to the final ERP solution.
-) Actionable Insights and Recommendations: Based on the ERP needs analysis and readiness assessment findings, provide actionable insights and recommendations. Propose strategies, initiatives, and interventions to address identified gaps, mitigate risks, and capitalize on opportunities to optimize the County's readiness for ERP implementation
-) Provide a "Market Intelligence Report" to the County's project team before the RFP development process, which will provide a high-level overview of the ERP market for small, medium, and large-scale enterprises, the market maturity of available ERP solutions, standard ERP modules available within each ERP solution, ERP module add-ons (if available) within each ERP solution, and "price points" of ERP solutions available within the marketplace.

Phase 2 – Development of Request for Proposal (RFP) for ERP Solution (Expected Completion Date: ***on or before February 02, 2026***)

- . Phase 2 of the project signifies a pivotal advancement in transforming insights from Phase 1 into tangible documentation essential for the procurement process. Through close collaboration with key stakeholders, the focus transitions towards delineating the County's requirements, objectives, and evaluation criteria for selecting an ERP vendor. This phase will run parallel to Phase 1 and thoroughly explores functional and technical aspects, ensuring the development of a robust Request for Proposal (RFP) aligned with the County's strategic goals and operational requisites.
- . Deliverables in this phase are carefully structured to ensure clarity, comprehensiveness, and alignment with the County's strategic objectives and financial constraints, which encompass the following:
 -) Comprehensive Scope of Work Development: Create a detailed scope

of work delineating tasks, deliverables, and timelines for the ERP implementation project. This includes defining project milestones, dependencies, and resource requirements indispensable for achieving project objectives.

-) Identification of Functional and Operational Requirements: Specify the functions or tasks imperative for the ERP system to fulfill to meet the County's functional and operational needs.
-) Prioritization of Functions: Prioritize identified functions based on their significance and relevance to the County's operations. This ensures a clear comprehension of critical functionalities vis-à-vis secondary or optional ones.
-) Reporting Objectives and Data Analytics Capabilities: Define reporting objectives, encompassing the types of reports needed and the requisite level of detail. Additionally, identify the data analytics capabilities essential for extracting insights from the ERP system to support informed decision-making.
-) Data Migration Requirements: Outline the prerequisites for migrating data from existing systems to the new ERP solution. This includes identifying the types of data to be migrated, data cleansing, transformation processes, and ensuring data integrity during migration.
-) Security Protocols: Define the security protocols and measures necessary to safeguard sensitive information stored within the ERP system. This encompasses role-based access controls, data encryption, audit trails, and compliance with data protection regulations.
-) Project Approach, Timelines, and Vendor Experience: Articulate the project approach, methodologies, tools, and frameworks for ERP implementation. Define project timelines, milestones, and dependencies to ensure timely delivery. Specify desired Vendor experience and qualifications to validate track record and expertise.
-) Additional Requirements: Incorporate any other specific requirements recommended by the Consultant to ensure the ERP RFP document provides a comprehensive understanding of the County's expectations to potential Proponents. This may encompass industry-specific functionalities, customization needs, or regulatory compliance requirements.
-) RFP Specification Development: Draft a comprehensive set of functional and technical requirements, financial considerations, and project-related parameters crucial for soliciting proposals from potential Vendors.
-) Benchmarking and Peer Consultation: The Consultant will identify and engage with comparable municipalities and government agencies that have recently implemented ERP solutions to gather insights, lessons learned, and best practices. This benchmarking exercise should include documentation of implementation approaches, challenges encountered, success factors, and realized benefits. The findings should inform the RFP development

process and be summarized as part of the deliverables to provide contextual reference for the County's ERP selection process. This consultation should include both technical and operational stakeholders from peer organizations to ensure comprehensive understanding of real-world implementation experiences.

-) RFP Financial Considerations: In collaboration with the ERP Working Group, the Consultant will develop a pricing matrix for the ERP RFP which represents all one-time and recurring system costs and encompasses options for Proponents responding to the ERP RFP to provide clear and comprehensive pricing for on-premises, hosted, or hybrid solutions. The pricing matrix shall be inclusive of ERP installation and implementation costs, training costs, project management fees, professional and technical services, data migration, and associated expenses. Additionally, the pricing matrix must ensure clarity on ongoing maintenance and support costs, which align with the County's budgetary considerations and fiscal periods.
-) The Consultant will be responsible for drafting the RFP (scope of work), which will then be reviewed and revised by Rocky View County's Purchasing Department and the ERP Working Group. The Procurement personnel, appointed by the Purchasing Department, will oversee the review process and guide the RFP Development Team on the RFP development, bidding, and evaluation processes.
-) Definition of Objective Evaluation Criteria: In collaboration with the ERP Working Group and the Procurement personnel, define objective evaluation criteria and weighting factors to assess Vendor proposals effectively, and ensure alignment with the County's strategic goals and operational requirements to facilitate informed decision-making.
-) Development of RFP Distribution List: Compile a comprehensive distribution list encompassing ERP solution provider for organizations of Rocky View County's scale. This list will serve as a foundation for soliciting proposals and fostering Vendor competition.
-) Technical Assistance: Assist the County in responding to Vendor inquiries and developing corresponding Addenda to the RFP. Ensure clarity and transparency in communication to facilitate a thorough understanding of the County's requirements among potential Vendors.
-) Pre-Proposal Meeting: If the County deems it necessary, participate in a pre-proposal meeting designed to allow Vendors to seek clarification on RFP requirements and engage in dialogue with County representatives.

Phase 3 – ERP Vendor Evaluation and Selection

Process (Expected Completion Date: ***on or before May 29, 2026***)

- . Phase 3 of the project aims to provide comprehensive support to the County in evaluating proposal responses and selecting a new ERP solution that aligns meticulously with the specifications outlined in the Request for Proposal (RFP). Leveraging expertise in ERP solutions and procurement processes, the objective is to ensure the County's

procurement decisions are informed, strategic, and aligned with its overarching goals.

The deliverables in this phase, targeted for completion by December 31, 2025, will encompass the following:

-) Proposal Review and Analysis: Review all technical and financial proposals meticulously, identifying any issues, risks, exceptions, omissions, or objections. Evaluate proposals against predefined criteria outlined in the RFP, focusing on each Vendors' ability to meet minimum requirements and align with evaluation criteria.
-) Compatibility Assessment: Evaluate each proposed ERP solution's compatibility with the County's existing software and hardware infrastructure and identify any apparent / suspected compatibility issues (if any) in each ERP proposal to allow for clarification to be sought from the ERP Vendor by the Procurement Personnel. Ensuring compatibility guarantees seamless integration and interoperability, minimizing disruptions and maximizing efficiency.
-) Vendor Reference Checks: With guidance from the Procurement Personnel, assist the RFP Evaluation Committee with developing a set of standard questions that will be used to complete Vendor reference checks, assess each Vendor's market presence and qualifications, and confirm each Vendor's capabilities.
-) The RFP Evaluation Committee will be responsible for validating and compiling each Proponent's technical score and pricing score to determine Proponent ranking and short-listing.
-) Vendor Shortlisting and Demonstration Preparation: The RFP Evaluation Committee will select the Vendors that will be shortlisted to provide a product demonstration and assist the County in clarifying any outstanding queries with shortlisted Vendors prior to the product demonstration process.
-) With guidance from the Procurement Personnel, the Consultant will assist the County's evaluation team in developing a meeting agenda and product demonstration requirements/scenarios, as well as the evaluation criteria and weighting that will be used for the product demonstration process.
-) Vendor Demonstration Facilitation: Assist the Procurement Personnel with organizing and facilitating each Vendor demonstration, ensuring alignment with the predefined agenda and objectives and that the County provides a conducive environment for practical demonstrations.

This task will include a review of the selected Proponent's proposed contract-related documents, which may include, but not be limited to, Service Level Agreements (SLA), Maintenance Agreements, Fee Schedules, Statement of Work, Warranty documents, and Supplementary Terms and Conditions (if applicable), to identify any areas of concern or identify areas which require further clarification. A review of these

documents will also be carried out by various County personnel from Legal Services, Purchasing, Information Technology, Finance, etc.

A4. PROJECT TEAM

The successful Proponent will receive direction and feedback from a project team comprised of staff from the County representing several areas of County services, with the Business and Technical Project Managers acting as the key liaisons to the Proponent.

The proposed work plan and project schedule submitted by the successful Consultant will be subject to final review and input from the ERP Project team during the start-up meeting and adjusted accordingly by the Consultant to develop a final work plan and project schedule.

A5. PROJECT MEETINGS:

At a minimum, the successful Consultant must be prepared for and attend at least six (6) in-person meetings, which may include:

-) Project Team: Start-up meeting.
-) Project Team: Discuss data/information gathering and preparation of the stakeholders' workshop(s).
-) Project Team: Discuss data/information gathering findings from the stakeholders' workshop(s).
-) Project Team: Present the draft report of Phase 1.
-) Leadership Team Meeting: Assist with presenting the final report and responding to questions.
-) County Council Meeting: Assist with presenting the final report to the County Council and responding to questions.

The successful Consultant may be required to attend additional meetings to assist with unanticipated matters that may occur throughout the project. When applicable and at the Project Manager's discretion, meetings may be held virtually, or in person. The Consultant shall be compensated for additional meetings in accordance with the Hourly Rate Schedule and Miscellaneous Cost Schedule included as part of their RFP submission. Unlimited telephone and email communication must be included.

A6. PROJECT ASSUMPTIONS:

The County will provide the consulting team with a dedicated point of contact who will facilitate information requests. Requisite information and data will be readily available to the consulting team at the outset of the project. Additional requests for data will be fulfilled within five (5) business days, whenever possible.

The County will be responsible for all scheduling and logistics about stakeholder engagement, in collaboration/consultation with the consulting team.

Draft reports and final reports submitted by the Consultant will be reviewed by County personnel, and all comments/questions from the ERP Working Group will be compiled and submitted to the Consultant within five (5) business days.

A7. PROJECT MANAGEMENT SERVICES:

Project Management shall be a key responsibility and continuous function of the successful Consultant for each phase of the project. Therefore, the Proponent must designate a dedicated Project Manager who will be committed to the project for the duration of the project and will have the authority to make commitments and decisions that are binding on the Proponent.

Proponents shall identify the Lead Project Manager (and Back-Up Project Manager) that will be designated for this project in their Proposal submission (Evaluation Criterion Guidelines).

The successful Consultant's Lead Project Manager shall:

-) Develop a master plan/schedule and monitor project progress, schedule, and budget.
-) Be responsible for all work performed by the Consultant's team members, including all Sub-Contractors / Sub-Consultants.
-) Be responsible for the completion of all contract deliverables and quality assurance.
-) Prepare progress reports and attend progress meetings with the County's appointed Project Leads and Stakeholders.
-) Ensure the County's required tasks and activities are completed to align with the master schedule and plan.
-) Serve as the single point of contact for the County.
-) Other activities agreed to during Project Initiation.

The Consultant's Lead Project Manager and the County's ERP Working Group will confirm the responsibilities of the County, the Consultant, and the County's / Consultant's team(s) during the Project Initiation Phase. For planning purposes, the County requires the Consultant to provide an overview of their expectations regarding the County's level of effort in terms of time and personnel resources.

The Lead Project Manager's tasks required under the scope of this Contract shall include, but not be limited to, the following:

-) Coordinate all services with the county's appointed ERP project managers.
-) Ensure any substitutions in the Proponent's team personnel are submitted for review and approval by the County's appointed ERP Project Managers.
-) Provide a written monthly progress report which consists of the actual schedule achieved overlaid on the approved schedule developed by the Consultant in collaboration with the ERP Working Group at the beginning of the Contract.
-) For instances where the schedule has not been achieved, a brief written explanation as to why should be included. The progress report can be submitted via e-mail to the ERP Project Managers.

A8. CHANGES TO THE PROPOSED SCOPE OF WORK:

Some conditions may require additional or varied work relative to that described in the Specifications; therefore, Change Orders may be required to accommodate these conditions. The successful Proponent will be asked to submit pricing for any additional or deleted items, which will be subject to review and approval by the Manager of Information Technology or their Designate, through the issue of a written Change Order, and subsequent amendment to the Purchase Order or written Agreement.

A9. ADDITIONAL ERP ADVISORY SERVICES:

The County may exercise an option to retain the successful Consultant to provide additional ERP advisory services during the ERP implementation phase. The County will enter into negotiations with the Consultant to define the scope of work and establish either a fixed fee for advisory services OR retain the services of the Consultant on an “as required” basis, in accordance with an “Hourly Rate(s) Schedule” agreed upon by both parties.

B. MANDATORY SUBMISSION REQUIREMENTS

B.1 Submission Form

Proponents are instructed to complete the Submission Form set out in Appendix B of this RFP and include it in their proposal submission. The Submission Form is to be signed by an authorized representative of the proponent.

B.2 Pricing

Proponents are instructed to complete the Pricing Schedule as set out in Section F of Appendix D of this RFP and include it in their proposal submission. Instructions on how to complete the Pricing Schedule are set out in Appendix C of this RFP.

B.3 Other Mandatory Submission Requirements

Proponents are instructed to complete and submit the Mandatory Evaluation Table below for their proposal. Proponents will be evaluated based on their responses to the criteria listed within the Mandatory Evaluation Table below. Any ‘No’ answers within the table will result in automatic disqualification unless the included justification satisfies the evaluation committee.

Mandatory Evaluation Table		
Criterion	Yes	No
Understanding of Scope: Excellent Understanding of the scope and desired outcomes. Has demonstrated knowledge of the proposed project and has demonstrated their understanding in the Proposal		
Proposed Methodology: Excellent Proposed Methodology, including samples and examples included in the Proposal Document		
Proposed Schedule: Well, thought out, comprehensive schedule with a high likelihood of success		
Proposed Team: Strong Team Credentials. Strong Project Lead with previous experience conducting similar work. Strong Project team members with deep background in conducting similar Projects with appropriate professional certification(s)		
Previous Similar Work: High degree of similarity between the County’s requested project and previously completed work		
Budgetary Control: Within the estimated With 10% variance		
All required Insurance and Documents and References: Insurance Certificate and Past references.		

C. RATED CRITERIA

Proposals submitted by non-eligible Proponents, incomplete Proposals, or Proposals that do

not comply with the requirements of this RFP, contain false information, or contents that do not permit a full analysis thereof, will not be considered by the County. General statements or restatements of the conditions of the RFP will not be satisfactory to the County.

Proponent selection will be based on those Proponents providing the greatest overall benefit to the County and will include, but not be limited to, the completeness of the RFP response, compliance with all Specifications / Terms of Reference, and any other factors which the County deems appropriate in the determination of the Proponent as a responsive and responsible Proponent and best value to the County.

The table below sets out the categories, weightings, and descriptions of the rated criteria of the RFP.

Rated Criteria Category	Points	The countyighting (%)
PROPONENT'S EXPERIENCE AND QUALIFICATIONS • Insufficient understanding • Has a moderate understanding of the scope? In some cases, has demonstrated that they have knowledge of the requirements, and • Excellent Understanding of the scope and desired outcomes. Has demonstrated knowledge of the proposed project and has demonstrated their understanding of the Proposal.	0 - 5	10
SERVICE TEAM QUALIFICATIONS AND EXPERIENCE: • Limited qualifications and Experience > 5 years • Medium and standard qualifications and Experience < 5 years or equal to 5 years • Highly qualified and rich experience, <8 years	0 - 5	25
CLIENT REFERENCES AND PAST EXPERIENCE: • Insufficient Detail and 2 or less references • 2 or more references and sufficient experience. • 3 or more references and excellent past experience	0 - 5	10
WORK PLAN, METHODOLOGY, AND QUALITY ASSURANCE • Insufficient Detail or not likely to achieve the desired plan and schedule. • Well thought-out, comprehensive plan and schedule with a high likelihood of success • Innovative Ideas excellent Understanding of the scope and desired outcomes	0 - 5	30
PRICING	0 - 5	25

- Pricing Evaluation will be on the Unit rate and the total cost basis - pricing formula: {(Submitted cost /Lowest cost) *Weight i.e. 25%} - A modular pricing template has been provided in the Appendix "C"		
Total Points	0-5	100

Points will be assigned for each criterion based on the information provided in the proponent's submission. Scoring will be consistently applied by the County's evaluation team using the specified scoring system noted below. Points will be awarded on a scale of 0 to 5 as noted below.

Score	Description
0	UNACCEPTABLE: The proposal is non-compliant or does not satisfy any requirements of the criterion.
1	POOR: Addresses the requirements of the criterion but lacking in critical areas.
2	MARGINAL: Meets some requirements to a minimum acceptable level.
3	SATISFACTORY: Average capabilities and performance and meets most of the requirements of the criterion.
4	ABOVE AVERAGE: Meets most if not all requirements of the criterion.
5	SUPERIOR: Exceeds the requirements of the criterion.

The County will have the sole discretion to award up to the maximum number of points for each noted criterion. By submitting a proposal, the proponent acknowledges and agrees that the County has and is hereby entitled to exercise its sole discretion to award the points for the evaluation of the noted criteria and the proponent waives any right to contest in any legal proceedings the decision of the County to award points in respect of the noted criteria.

EVALUATION CRITERIA GUIDELINES:

Each Proposal submission shall include, but not be limited to, the following information:

Proponent's Qualifications and Experience (VALUE: 10%)

This criterion evaluates the Proponent's overall experience and qualifications in delivering similar projects or services. It assesses the Proponent's track record, industry experience, and demonstrated ability to successfully execute projects of comparable scope and complexity.

- () Proponents shall provide an overview of their company's business history, number of years in operation, experience, membership/affiliation with professional associations, financial stability, number of personnel employed, and any notable awards or recognition achieved by the firm in the field of providing similar or identical services as those described herein.
- () Proponents shall demonstrate the firm's in-depth knowledge and understanding of the mandates, organizational structure, services, and operations of municipal government entities, and provide, in detail, their firm's qualifications relative to providing ERP consulting services within a municipal environment for commercial ERP systems such as Oracle, SAP, Microsoft Dynamics, etc.

- () Proponents may identify any special knowledge, skills, programs, or service delivery processes that may be helpful to the County in the delivery and execution of the products and/ or services requested herein. Proponents may also describe any specialized method or technological means that they may have at their disposal to ensure quick, efficient, and professional execution of the services required to complete all installations/implementations, testing commissioning, and/or delivery processes.
- () Proponents may provide any additional information that they feel would aid the County in evaluating their proposal submission, which describes which methods, experience, expertise, or other qualifications are unique to their firm, or that differentiate their firm from possible competitors.

Team Qualifications and Experience (VALUE: 25%)

Proponents need to demonstrate their firm's capacity and capabilities in terms of expertise, technical/professional qualifications, and professional support services, as it relates to completing ERP projects of similar scope and complexity, for public sector clients, most notably those at the municipal level.

This criterion assesses the qualifications, expertise, and experience of the specific team members proposed for the project. It focuses on the ability of the team to deliver the required services effectively and efficiently.

- (a) The Proponent's appointed Project Manager (and back-up Project Manager) shall have a minimum of five (5) years of experience on ERP-related projects, with demonstrated experience in having led a minimum of two (2) ERP projects from readiness assessment through to implementation within the last seven (7) year period. Preference will be given to Project Managers with professional project management certification(s) from recognized, accredited 3rd party organizations (i.e. the Project Management Institute (PMI)) or post-secondary academic institutions.
- (b) Project team members must have a minimum of three (3) years of experience on ERP-related projects, with demonstrated experience in readiness assessment through to implementation within the last seven (7) year period. Diversity of expertise within the team will be evaluated to ensure comprehensive coverage in all areas of the project scope.
- (c) Proponents shall provide a comprehensive list of the key personnel (which may include but not be limited to subject-matters specialists in such areas as Change Management, Data Migration, and Systems Integration), and Sub-Consultants (if any) that will be assigned to the project described herein, and include a description of each person's role in the project, as well as an organizational chart which identifies the reporting structure between the Proponent's project team, and the key stakeholders that will be involved in the project.
- (d) Proponents shall also include an applicable project listing and professional résumé for each project team member which clearly outlines their post-secondary education, years of work experience, technical certifications,

membership/affiliation with professional associations, notable awards or recognition achieved by the individual, and their roles/responsibilities on projects which are similar or identical to the professional assignment described herein.

- (e) Identify any Sub-Contractors / Sub-Consultants that will be retained by your firm as part of the Project Team. Proponents shall include a description of each Subcontractor / sub-consultant's role in the delivery of services under the scope of this agreement.
- (f) Proponents shall also include an applicable project listing and professional résumé that demonstrates each Sub-Contractor / Sub-Consultant's post-secondary education, experience, qualifications, and roles/responsibilities on projects that are similar or identical to the services described herein.
- (g) Proponents need to demonstrate the capacity and capabilities of each Project Team member, and Sub-Contractors / Sub-Consultants, in terms of their expertise, knowledge, and technical/professional qualifications as it relates to completing ERP projects of a similar scope and complexity, for public sector clients, most notably those at the municipal level.

Client References and Past Experience (VALUE: 10%)

This criterion evaluates the feedback and satisfaction levels of past clients regarding the Vendor's performance. It provides insights into the Vendor's reliability, project management skills, communication skills, and problem resolution skills, and their ability to meet client expectations, deliverables, project milestones, and budgetary constraints.

- () Proponents shall provide a **MINIMUM OF THREE (3) (preferably PUBLIC SECTOR)** client references for whom they have provided **SIMILAR/ IDENTICAL SERVICES WITHIN THE LAST SEVEN (7) YEARS.**
- () Preference will be given to Canadian public sector clients in the municipal sector.
- () Proponents shall provide, at minimum, the following information for each client reference:
 - Client name and contact information (telephone number/e-mail address)
 - Approximate total contract value
 - Duration of contract (project commencement and completion dates)
 - A brief description of the specific services provided / project scope
 - Name of Project Manager / Project Lead employed by the Proponent to ensure successful delivery of all products and/or services to the Client
 - Name of Senior / Key Project Team Members
- () Sub-contractors or Sub-Consultants (if any) used on the project proponents may also include written testimonials/letters of recommendation received from past clients for whom your firm has provided similar or identical services to those specified herein if so desired.

Work Plan, Methodology, and Quality Assurance (VALUE: 30%)

This criterion assesses the Proponent's proposed approach to executing the project and evaluates how well the Proponent's plan aligns with the project objectives, requirements, and deliverables, and that methods are in place to ensure the quality and timeliness of the project deliverables.

- (a) Proponents shall describe their approach to the provision of the professional services required herein. Consideration is to be given to whether the Proponent has effectively identified major phases of the project, thoroughly understands the requirements of this professional assignment, has a keen comprehension of the challenges and risks associated with the assignment, and can ensure the assignment receives the best overall value for money during the service delivery process.
- (b) *The use of established methodologies such as Agile, Waterfall, or Hybrid approaches, may be employed, with justification for their applicability to the project.*
- (c) The Work Plan shall also include the Proponent's proposed stakeholder engagement strategies to ensure continuous alignment with project objectives and client expectations.
- (d) Proponents shall include a graphic work plan (Gantt Chart) that provides a clear description of the tasks proposed to carry out the various aspects of the work and to fulfill the objectives identified within the scope of this RFP. The Gantt Chart shall also indicate the proposed duration of each project phase/milestone.
- (e) Proponents shall also provide a **PERSON-HOUR SCHEDULE** with their technical proposal detailing the estimated hours that will be spent by the firm and all intended Sub-consultants **FOR EACH PROJECT PHASE**. The person-hour schedule included with the **TECHNICAL** proposal submission shall **NOT** include pricing details, as all pricing information must be submitted as a separate digital file (refer to Article 6.2(d)).
- (f) In the methodology section, the Proponent is invited to identify any potential problems that may be encountered (i.e. project delays, resource constraints, etc.) and how they would, if appointed, deal with them. The Proponent is also invited to describe any specialized method or technological means that they may have at their disposal to ensure quick, efficient, and professional execution of the services.
- (g) The RFP Evaluation Committee will be considering and evaluating any proposed innovative suggestions provided by the Proponent in their RFP response. Such suggestions may be evaluated based on an increase in the level of service provided by the Proponent, an improvement in communications, alternate methods to deliver the product or improve planning and design activities, technological advancements, methods to improve quality control and quality assurance, etc.
- (h) Submit information relative to your firm's quality assurance (QA) processes, and identify any current, internationally recognized third-party QA certification

achieved (i.e. ISO 9001, ISO 14001) by the firm. Proponents shall also describe how and where QA has been implemented throughout their organization's processes. At a minimum, the Proponent's QA processes should include regular reviews, testing, and validation steps to ensure deliverable quality and timeliness.

Pricing/ Professional Fees: (VALUE: 25%)

This criterion evaluates the cost of the services provided by the Proponent, including the competitiveness and transparency of the pricing structure. It also considers the alignment of costs with the proposed scope of work.

The Proponent shall provide a **TASK-FEE SCHEDULE (Unit price and Lump-sum price structure)** showing the following, at a minimum:

- (a) Proposed Professional Fees (**PER PROJECT PHASE**) to complete the work described herein, including any required Sub-Consultants. Sample Price Chart at Appendix #C
- (b) Estimated expenses/disbursements for each phase of the project.
- (c) Service fees and rates shall be inclusive of all labour, materials, equipment, tools, consumables, indirect costs, insurance, Workers' Compensation, Vacation Pay Assessment, Canada Pension Plan, Employment Insurance, and all other payroll burdens, together with all applicable transportation and set-up costs to and from the job site(s), the Proponent's overhead and profit, and any other costs detailed or implied in these documents (except as otherwise specified)

D. CONFIDENTIALITY OF EVALUATION

Rocky View County reserves the right to seek clarification regarding any submitted proposals and such clarification shall be deemed an amendment to such proponent's proposal.

Evaluation scores and rankings are confidential and apart from identifying the top-ranked proponent, no details of the proposal or score ranking of any proponent will be released.

E. ACCEPTANCE OR REJECTION OF PROPOSALS

Without limiting the generality of the foregoing Rocky View County reserves the right to reject any or all proposals. Rocky View County may reject a proposal which:

- (i) is incomplete, obscure, irregular, or unrealistic
- (ii) has erasures or corrections
- (iii) omits a price on any one or more items in any Schedule
- (iv) fails to complete the information requested
- (v)

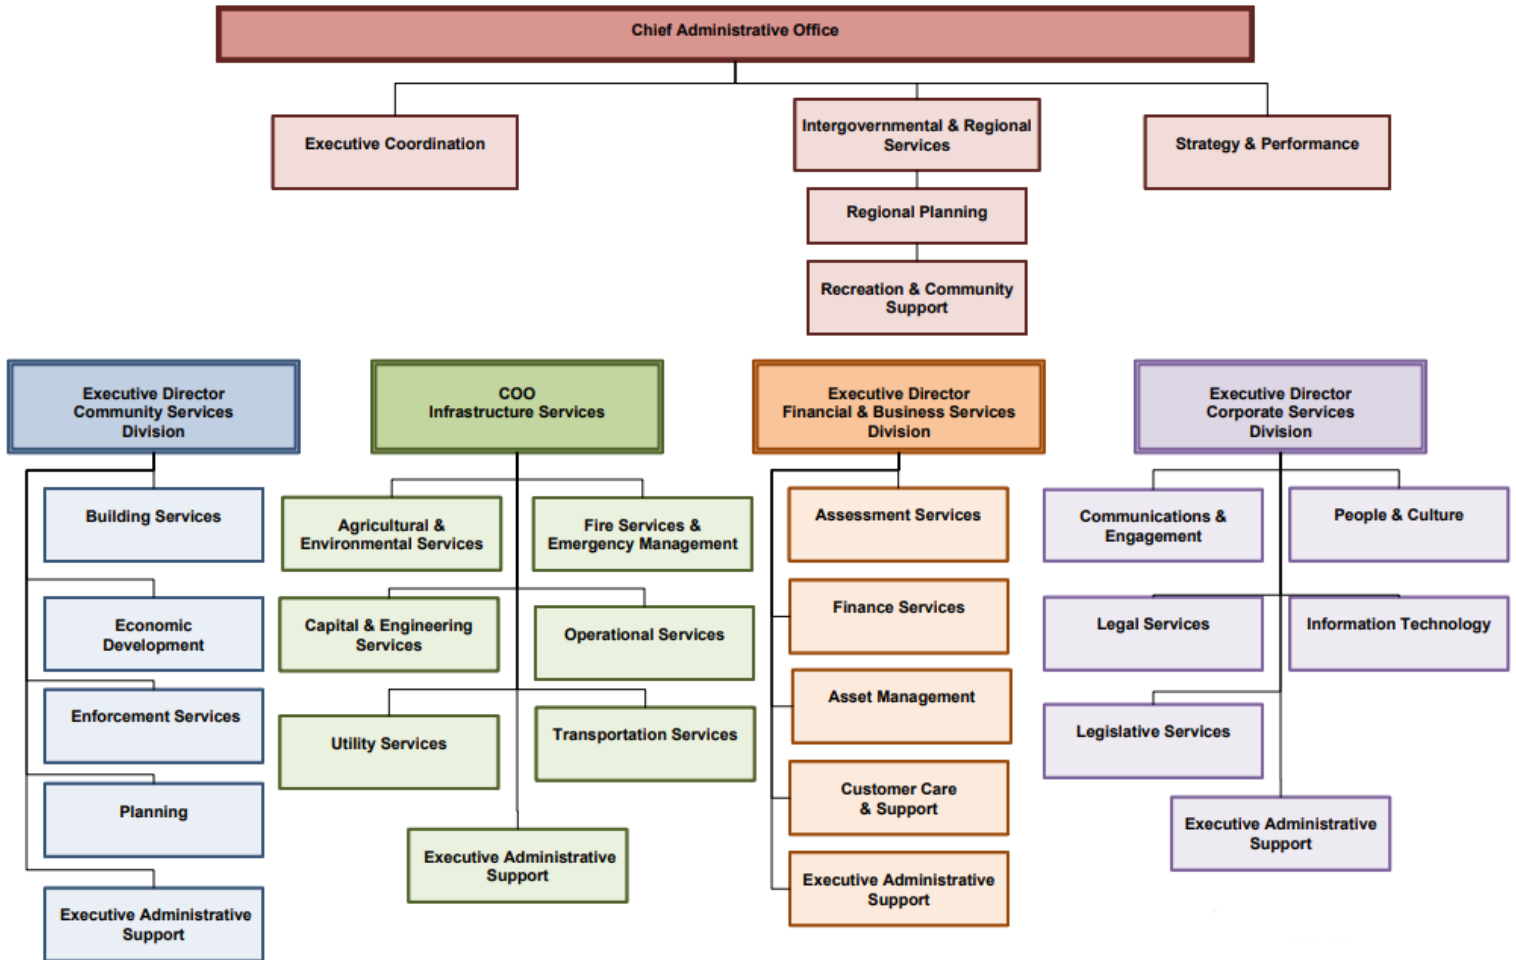

F. PRICING SCHEDULE

Proponents are instructed to download from the APC site the Pricing Schedule (Pricing Schedule for RFP# 24-021 ERP Requirements Analysis and Readiness Review). Proponents are to complete the Pricing Schedule in accordance with the instructions set out in Appendix C of this RFP and include the completed Pricing Schedule in their proposal submission.
