RFP (Consecutive Negotiations) – CMH26-85 – Learning Management System (LMS)

April 2026 Page 2 of 25

PART 1 – INVITATION AND SUBMISSION

INSTRUCTIONS 1.1 Invitation to Proponents

This Request for Proposals (the “RFP”) is an invitation by the City of Medicine Hat (the “City”) to prospective proponents to submit proposals for **Learning Management System (LMS)** as further described in Appendix D (RFP Particulars) Section A (the “Deliverables”).

The City of Medicine Hat (“the City”) is seeking proposals from qualified vendors to provide a modern, user-friendly, and secure Corporate Learning Management System (LMS) to support corporate training, onboarding, compliance, safety, professional development, and certification tracking for employees, volunteers, and other external learners.

The LMS will streamline end-to-end content delivery, automate assignments and reminders, standardize reporting, and integrate with the City’s existing identity, collaboration, and human resources systems. The LMS will be used to support the City’s internal training requirements and is not intended to be used to sell, market, or deliver training services to external organizations, nor to function as an educational-institution learning platform.

The LMS must be available 24 hours a day, 7 days a week, and support learning and development for approximately 1,500 employees across various departments. The proposed solution must be scalable to accommodate future growth, including increases in user licensing and evolving training and development requirements.

1.2 RFP Contact

To contact the City in relation to this RFP, proponents must register with the City's bidding system at <https://medicinehat.bidsandtenders.ca> and initiate the communication electronically by clicking on the "Submit a Question" button. The City will not accept communications by any other means except as specifically stated in this RFP.

For the purposes of this invitation, the RFP Contact is:

Joanne Bruneau-Carter, joabru@medicinehat.ca

Proponents and their representatives are not permitted to contact any employees, officers, agents, elected or appointed officials, or other representatives of the City, other than the RFP Contact, concerning matters regarding this RFP. Failure to adhere to this rule may result in the disqualification of the proponent and the rejection of the proponent's proposal.

1.3 Contract for Deliverables

1.3.1 Type of Contract

The selected proponent will be requested to enter into direct contract negotiations to finalize an agreement with the City for the provision of the Deliverables. The terms and conditions found in Appendix A (Form of Agreement) are to form the basis for commencing negotiations between the City and the selected proponent. It is the City's intention to enter into an agreement with only one (1) legal entity.

RFP (Consecutive Negotiations) – CMH26-85 – Learning Management System (LMS)

1.3.2 Term of Contract

1.5.1 Proposals to be Submitted at Prescribed Location

1.5.2 Proposals to be Submitted on Time

RFP (Consecutive Negotiations) – CMH26-85 – Learning Management System (LMS)

April 2026 Page 4 of 25

1.5.3 Proposals to be Submitted in Prescribed Format

All proponents shall have a bidding system vendor account and be registered as a plan taker for this opportunity, which will enable the proponent to download the solicitation document, to receive addenda email notifications, download addenda and submit their proposals electronically through the bidding system.

Submit one (1) PDF copy of the proposal, clearly identified with the RFP number, title and the name of the Proponent.

Proponents are cautioned that the timing of their submission is based on when the proposal is received by the bidding system, not when a proposal is submitted, as transmission can be delayed due to file transfer size, transmission speed, etc.

For the above reasons, it is recommended that you allow sufficient time to complete your submission and resolve any issues that may arise. The closing time and date shall be determined by the bidding system's web clock.

If experiencing technical issues when submitting a proposal, proponents should contact bids&tenders support at support@bidsandtenders.ca at least twenty-four (24) hours prior to the closing time and date. The bidding system will send a confirmation email to the proponent advising that their proposal was submitted successfully. If you do not receive a confirmation email, contact bids&tenders support at support@bidsandtenders.ca.

To ensure receipt of the latest information and updates via email regarding this solicitation, or if a proponent has obtained this solicitation document from a third party, the onus is on the proponent to create a bidding system vendor account and register as a plan taker for the opportunity at <https://medicinehat.bidsandtenders.ca>.

Acknowledgement of Addenda

Acknowledgement of addenda is a **mandatory** requirement in the event that an addendum is issued. If a proponent has submitted a proposal and an addendum gets issued, the bidding system will withdraw all completed submissions and put them in an incomplete status. The proponent will be required to log in and resubmit.

1.5.4 Amendment of Proposals

Proponents may amend their submission prior to the closing time and date. The proponent is solely responsible to ensure the re-submitted proposal is received by the bidding system no later than the stated closing time and date.

1.5.5 Withdrawal of Proposals

At any time throughout the RFP process until the execution of a written agreement for provision of the Deliverables, a proponent may withdraw a submitted proposal. To withdraw a proposal prior to the Submission Deadline, a proponent should un-submit the proposal through the "withdrawal submission" function in the bidding system. To withdraw a proposal after the Submission Deadline, a notice of withdrawal, signed by an authorized representative of the proponent, must be sent to the RFP contact listed in Section 1.2 of this RFP.

PART 2 – EVALUATION, NEGOTIATION AND AWARD

2.1 Stages of Evaluation and Negotiation

The City will conduct the evaluation of proposals and negotiations in the following stages. **If a mandatory site visit/pre-bid meeting was scheduled, the City will only consider proposals from those who attended.**

2.2 Stage I – Mandatory Health & Safety Requirements

Stage I will consist of a review to determine which proposals comply with the mandatory health & safety requirements. If a proposal fails to satisfy the mandatory health & safety requirements, the City will issue the proponent a rectification notice identifying the deficiency and providing the proponent an opportunity to rectify the deficiency. If the proponent fails to satisfy the mandatory health & safety requirements within the Rectification Period, its proposal will be rejected. The Rectification Period will begin to run from the date and time that the City issues a rectification notice to the proponent. The mandatory health & safety requirements are set out in Appendix D (RFP Particulars), Section C.

2.3 Stage II – Mandatory Submission Requirements

Stage II will consist of a review to determine which proposals comply with all of the mandatory submission requirements. If a proposal fails to satisfy all of the mandatory submission requirements, the City will issue the proponent a rectification notice identifying the deficiencies and providing the proponent an opportunity to rectify the deficiencies. If the proponent fails to satisfy the mandatory submission requirements within the Rectification Period, its proposal will be rejected. The Rectification Period will begin to run from the date and time that the City issues a rectification notice to the proponent. The mandatory submission requirements are set out in Appendix D (RFP Particulars), Section D.

2.4 Stage III – Evaluation

Stage III will consist of the following two sub-stages:

2.4.1 Mandatory Technical Requirements

The City will review the proposals to determine whether the mandatory technical requirements as set out in Appendix D (RFP Particulars), Section E have been met. Questions or queries on the part of the City as to whether a proposal has met the mandatory technical requirements will be subject to the verification and clarification process set out in Part 3.

2.4.2 Rated Criteria

The City will evaluate each qualified proposal on the basis of the rated criteria as set out in Appendix D (RFP Particulars), Section G.

2.5 Stage IV – Pricing

Stage IV will consist of a scoring of the submitted pricing of each qualified proposal in accordance with the price evaluation method set out in Appendix C (Pricing). The evaluation of price will be undertaken after the evaluation of mandatory requirements and rated criteria has been completed.

2.6 Stage V – Ranking and Contract Negotiations

2.6.1 Ranking of Proponents

After the completion of Stage IV, all scores from Stage III and Stage IV will be added together and the proponents will be ranked based on their total scores. The top-ranked proponent will receive a written invitation to enter into direct contract negotiations to finalize the agreement with the City. In the event of a tie, the selected proponent will be the proponent selected by way of coin toss.

2.6.2 Contract Negotiation Process

Any negotiations will be subject to the process rules contained in the Terms and Conditions of the RFP Process (Part 3) and will not constitute a legally binding offer to enter into a contract on the part of the City or the proponent, and there will be no legally binding relationship created with any proponent prior to the execution of a written agreement. The terms and conditions found in the Appendix A (Form of Agreement) are to form the basis for commencing negotiations between the City and the selected proponent. Negotiations may include requests by the City for supplementary information from the proponent to verify, clarify, or supplement the information provided in its proposal or to confirm the conclusions reached in the evaluation, and may include requests by the City for improved pricing or performance terms from the proponent.

2.6.3 Time Period for Negotiations

The City intends to conclude negotiations and finalize the agreement with the top-ranked proponent during the Contract Negotiation Period, commencing from the date the City invites the top-ranked proponent to enter negotiations. A proponent invited to enter into direct contract negotiations should therefore be prepared to satisfy the pre-conditions of award listed in Appendix D (RFP Particulars), Section F, provide requested information in a timely fashion and conduct its negotiations expeditiously.

2.6.4 Failure to Enter into Agreement

If the pre-conditions of award listed in Appendix D (RFP Particulars), Section F are not satisfied or if the parties cannot conclude negotiations and finalize the agreement for the Deliverables within the Contract Negotiation Period, the City may discontinue negotiations with the top-ranked proponent and may invite the next-best-ranked proponent to enter into negotiations. This process will continue until an agreement is finalized, until there are no more proponents remaining that are eligible for negotiations, or until the City elects to cancel the RFP process.

2.6.5 Notification of Negotiation Status

Other proponents that may become eligible for contract negotiations may be notified at the commencement of the negotiation process with the top-ranked proponent.
